Dealership Property (Owned / Leased / Other)

Landlord Name & Contact (if leased)

Office Area (sq. ft.)

Display Area (sq. ft.)

Warehouse / Storage (sq. ft.)

Total Premises (sq. ft.)

Zoning Compliance (Yes / No)

Signage Compliance (Yes / No)

Proof of Insurance Attached?

Surety Bond (if required)

Exterior & Interior Business Photos Attached?

5. Current Products & Services

Current products, services, and brands offered

Current dealer / distributor relationships

6. Product Lines Requested for Authorization

Mark the models your dealership intends to carry and enter estimated opening quantities. This is an expression of interest, not a purchase order. Model availability and specifications are subject to written confirmation.

Residential whole-house purification & conditioning

Select	Model	System / product	Qty
☐	AWWS-0424	Whole-home purification system	
☐	AWWS-837	Whole-home purification system	
☐	AWWS-913	Dual-tank whole-home purification system	
☐	AWW-SF-0211	Residential salt-free system	
☐	AWWS-SF 0211	Salt-free / stainless-jacket purification system	

Drinking water & reverse osmosis

Select	Model	System / product	Qty
☐	JAA-2186	5-stage reverse osmosis drinking water system	
☐	JAA-0424	6-stage alkaline reverse osmosis drinking water system	
☐	JMA-8 Stage Tankless	8-stage tankless alkaline drinking water system	

6. Product Lines Requested for Authorization (continued)

Office drinking water systems — 4-stage RO

Select	Model	System / product	Qty
☐	OFS-0907S	Freestanding office RO dispenser: hot, ambient, chilled	
☐	OFC-0809A	Countertop office RO dispenser: coffee & hot water	

Commercial / industrial / air treatment

Select	Model	System / product	Qty
☐	AWWS-COM 3500	Commercial water softening system	
☐	Model TBD	Commercial / industrial purification systems (specification-based)	
☐	AAP-1938	Residential air purification system	
☐	AAP-1989C	Commercial air purification system	

Commercial / industrial purification system models remain subject to specification and assignment. Commercial/industrial projects may require project-specific engineering and a separate quotation.

7. Initial Order & Dealer Program Preferences

Estimated Total Opening Units (minimum 10) _____

Estimated First Order Date _____

Primary Sales Territory (States / Counties) _____

Primary Channel (Retail / Contractor / Plumbing / HVAC / Other) _____

Interested in Private Labeling? (Yes / No) _____

Interested in Installation / Service Training? (Yes / No) _____

Dealer pricing: The prior application referenced $2,995 per water purification system, $1,495 per alkaline drinking water system, and $995 per air purification system. These historical category-level figures are not verified model-specific prices for the expanded lineup. Final pricing, minimum order mix, warranties, and freight must be supplied by Ameritek Water in an approved dealer price sheet.

8. References

Industry Reference #1 (name, title, company, telephone, email)

8. References (continued)

Industry Reference #2 (name, title, company, telephone, email)

Inventory / assets acquired in the last five years

9. Certification & Authorization

☐ I certify that the information provided is complete and accurate to the best of my knowledge.

☐ I agree to maintain complete business and financial records in accordance with applicable accounting standards, including GAAP where applicable.

☐ I authorize Ameritek Water to investigate the applicant business's creditworthiness through appropriate lawful channels.

☐ I authorize Ameritek Water to verify references and conduct on-site inspections with reasonable notice.

☐ I agree to notify Ameritek Water promptly of material changes to ownership, location, or legal structure.

☐ I understand this preliminary application is not a dealer agreement and does not guarantee authorization, credit terms, territorial exclusivity, or product availability.

☐ I acknowledge that applicable dealer terms, including jurisdiction and dispute resolution, require review and acceptance in a separate written agreement.
